**Selected References on Modelling Program Logic**

Argyris, M. and Schön, D. (1974) *Theory in Practice. Increasing Professional Effectiveness*, San Francisco: Jossey-Bass.

> Statement of 'double-loop' learning' and distinction between espoused theory and theory-in-action. Michael Q. Patton credits Argyris as the source for the language "theory of action", used in his own or his own work – chapter on "Conceptualizing the Program's Theory of Action" in Patton, 1978, below.

Argyris, C., & Schön, D. (1978) *Organizational learning: A theory of action perspective,* Reading, Mass: Addison Wesley.

Argyris, C., Putnam, R., & McLain Smith, D (1985) *Action Science*, *Concepts, methods, and skills for research and intervention*, San Francisco: Jossey-Bass.

> Entire book available 11/16/2006 for download from Action Design:
